

AT-Supreme Balanced Flue Gas Log Insert

BRILLIANT HEAT, BEAUTIFUL TO WATCH

HEAT & GLO™

AT-Supreme, stylish, cosy, realistic.

AT-Supreme with standard front

AT-Supreme with Melbourne trim (915mm wide x 620mm high) and marble surround

AT-Supreme with square pattern Fascia and Richmond mantelpiece

Direct Vent Gas Log Fire Insert

The AT-Supreme offers a wide range of design opportunities. It can be the main feature of a room, or played down to become a stylish yet less conspicuous feature. The realistic glowing logs create a cosy welcoming atmosphere in your home.

Direct Vent Technology

Direct Vent fireplaces have an airtight firebox that draws air for combustion from outside

your home, never stealing warm air and oxygen from inside, yet radiates and convects heat into the room. They also maintain the clean air in your home.

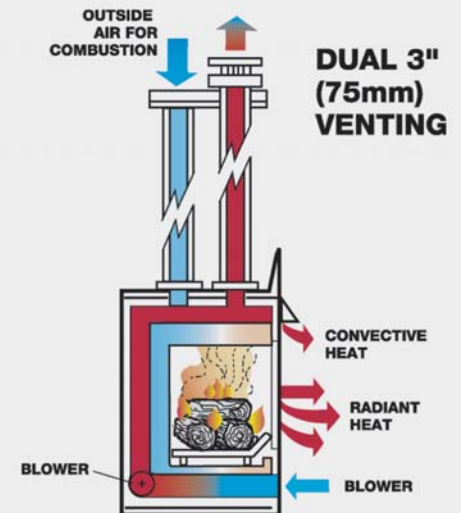

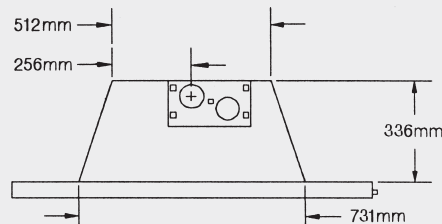

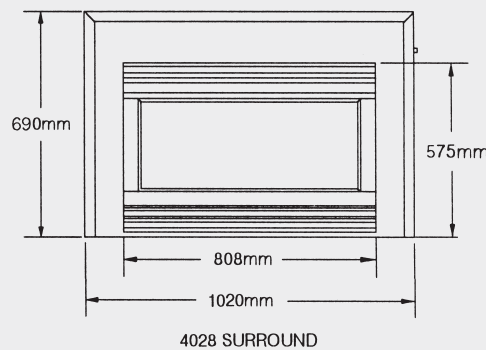

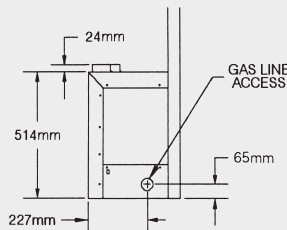

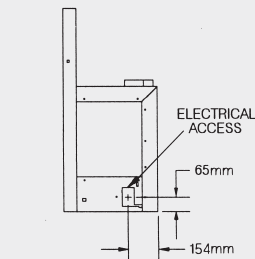

Features

- Authentic campfire fibre ceramic logs with intense yellow flames and glowing embers
- Balanced flue, unique flexible flue designed for existing chimneys

- Airtight combustion chamber for indoor air quality
- Brilliant space heating efficiency, heats around 100sq meters
- Optional wall thermostat
- Unique surround fits most existing chimneys
- Available in Natural Gas & LPG
(LPG conversions can be easily converted to natural gas when it becomes available in your area)
- Gas input MJ: 32 MJ/H • High thermal efficiency
- AGA Approval No.5543

Dimensions (Minimum fireplace opening)

Width 750mm Depth 345mm Height 525mm
