

Simplicity Pebble Fire

Gas Fireplace

Simplicity Pebble Fire

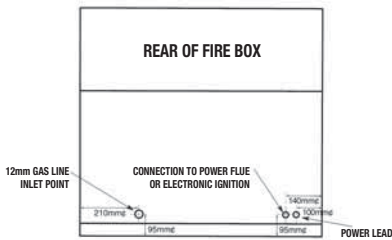

Create a tranquil winter haven in your home with a Simplicity pebble fire.

The pebble fire is the ultimate lifestyle accessory for modern living. Stunningly simple in its design, this unique fireplace system generates an instant calm. All the romance of an open fire is coupled with high technology to create a mesmerising and seductive ambience.

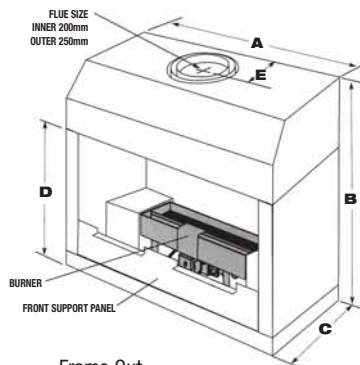

Your pebble fire springs to life with the flick of a switch, with soft pink and mauve flames flickering over a bed of spun ceramic fibre pebble and stones. The clean lines of the firebox form a discreet backdrop for this stylish fireplace.

Envelope your home with winter ambience
